WORK EXPERIENCE

Mysten Labs – *Software Engineer*

Sept. 2023 – Present

Mysten Labs is a Palo Alto-based company and creator of the [Sui](#) blockchain.

- Core contributor to [Walrus Sites](#), a decentralized hosting platform built on Sui and Walrus. Brought the project from development to mainnet (March 2025). – *Rust, Sui, Typescript*
- Led a sub-team of engineers focusing on system architecture, reviewing and designing both internal and partner solutions.
- Designed client-side object management libraries that increased Sui transaction throughput by optimizing object handling during transaction building and execution.
- Currently focused on DeFi, improving developer experience for DeepBook builders.

Programize LLC – *Software Engineer*

Mar. 2021 – Sept. 2022 (1 yr 7 mos)

- Built data ingestion pipelines for [ActionIQ](#), a NYC-based client. – *Python, Scala, Spark, SQL*
- Rebuilt a React Native app as native iOS from scratch. – *Swift, UIKit*
- Developed ML models for stock volatility prediction; automated company procedures using operational research. – *Keras, scikit-learn, OR-Tools*

METIS Cybertechnology – *ML & Data Engineer*

Nov. 2020 – Mar. 2021 (4 mos)

- Applied ML on streaming maritime sensor data. – *Python, Docker*
- Maintained and improved a conversational chatbot application.

VAIX – *ML Engineer & Backend Developer*

Jan. 2020 – Nov. 2020 (11 mos)

- Developed and deployed APIs, processing modules and ML models. – *Python, Docker, PostgreSQL*
- Built KPI dashboards; optimized database query performance.

OPEN SOURCE & WRITING

[minting-server](#) – Scalable system for parallel Sui transaction processing using a producer-consumer worker scheme.

[Sui Owned Object Pools](#) – Library for managing concurrent Sui transactions, avoiding object equivocation and locking.

[move-zed-extension](#) – Move language support extension for the Zed editor.

SKILLS

Languages	TypeScript, Rust, Python, Move, SQL
Infrastructure	Docker, Kubernetes, CI/CD, Linux
Domains	Blockchain (Sui), DeFi, Distributed Systems
Spoken	Greek (Native), English (Fluent), Italian (Advanced)

EDUCATION

Computer Science M.Sc.

Athens University of Economics and Business

2018 – 2019

Grade: 8.21/10

Statistics B.Sc.

Athens University of Economics and Business

2014 – 2018

Grade: 7.22/10
